

PREACHERS OF HELL COUNTY

PREACHERS OF HELL COUNTY

Preachers of Hell County bring a unique blend of psychobilly and western swing to formulate a sound that has won many fans sharing the stage with artists from death metal to two step country. Based in the Lone Star State, Live Music Capitol of the World, Austin, Texas these guys bring both a visual and musical performance that places them in a category unto themselves.

The innovation of guitarist, singer, and composer, C.V. Wood would not be complete without the principals of power that are upright bassist - John Lewis and drummer - Capt. Rob Clift engineering this symbolic train of sound on down the tracks. Many purveyors of this power trio have garnered the Preachers to the likeness of Reverend Horton Heat, Hank III and Primus.

Currently promoting their first self-titled release Preachers of Hell County and debut video - The Devil's Trilogy, with worldwide distribution through Discmakers/CD Baby, YouTube, Facebook and your favorite music and social media sites.
